Custom Inserts

There is no better way to reach a specific segment of Ontario’s CA profession than through the Institute’s targeted mailings.

A database search, which can be broken down by a number of different criteria, can lead you to many of the province’s top business and financial leaders.

For example, you can customize your search by these and/or other parameters:

- Members in industry, public practice, education, etc.
- Geographic region
- Postal code
- Sole practitioners
- Title or designation
- Year that the CA designation was received

Costs

A final quote will be developed for each client based on the weight, size, shape and number of pages.
(\$5,000 minimum charge & GST)

Inserts must be *pre-paid* by VISA, MasterCard, Money Order or Certified Cheque.
